

**WFNI**  
**(Water For Needy International)**

**“Train the Trainers,  
Nonprofit Organization”**

# **WFNI**

## **Mission Statement**

**“The final goal is to train villagers  
in order to let them resolve the things  
needed with own hands  
so that they have a healthier living  
in Jesus Christ”**

# **Water & Health Mission**

**2 Timothy 2:2**

**by**

**WFNI**

**(Water For Needy International)**

# **Purpose**

**The villagers in mission field  
will be able to  
solve their water and hygiene problems  
without continued help of outsiders**

# **Solution**

**Establish a “TECHNICAL SCHOOL”  
in designate location to train village leaders  
so they can return to help  
their villagers with  
water and hygiene issues**

# Nature of the “Technical School”

**Based on  
Exodus  
15:12-15**

**The name of the  
Technical School  
will be,**

**God can use this  
school for His  
purpose,  
like a twig of Marah**

**“The Twig of Marah  
Technical School”**

# Operations

**The role of the school**

**Will be to train the trainees and they will become the acquired experienced trainers to help the villagers**

**but  
“WFNI TRAINERS”  
will fully provide  
the necessary  
training**

**Therefore, the  
ownership of the  
school will be  
theirs**

**and run by  
them**

# **Duration and Contents of the Training**

**Completing the  
hands-on training  
will takes about  
one month**

**It will includes:**

- Construction**
- Field installation**
- Follow up services**
- And repair works**

**But they will need  
at least  
3-months (or more)  
acquire experience  
in order to work alone**

**Through the “Water  
Mission” we can get  
close to them, therefore  
we are able to tell the  
GOOD NEWS easily**

**And then, we can work  
together with them  
via “Matching Fund”**

**The school will  
provide the following  
training courses:**

- **Biosand Water Filter**
- **Plastic Hand Pump**
- **Rainwater Harvesting Systems**
- **Hygiene Practices**
- **Wordless Book - child evangelism**
- **Reaching the Lost - adult evangelism**

# Requirements

- **Construction facility: secured and covered area**
- **Tools**
- **Storage space: secured and lockable for tools and equipment**
- **Storage space: materials and fabricated items**
- **Transportation to delivery and installation**
- **Transportation to follow up services and repair works**
- **Utility: water and electric**
- **Accommodations for trainees coming from a long distance**
- **Start up funds for the trainers: possible matching fund**

# **Cost of Products and Tools**

**(for example in KENYA)**

## **Biosand Water Filter:**

- **Filter each: 4,934 Ksh (\$62.00)**
- **Tools: 30,000 Ksh (\$375.00)**
- **Mold: 90,000 Ksh (\$1,125.00) \*\***

**\*\* Free rent to use until they have their own**

## **Plastic Hand Pump:**

- **Pump each: 6,000 Ksh (\$75.00)**  
**(estimated depth of 60 feet well)**
- **Tools: 100,000 Ksh (\$1,250.00)**

**Also requires production site, storages, transportation**
